

## Warwick Valley Farmers' Market

# Sponsorship Opportunities

### Who Are We?

The Warwick Valley Farmers' Market opened in June 1994 and currently features over 30 regional farms and farm kitchens from across the Warwick Valley region. Located in the South Street Lot in the Historic Village of Warwick, our Market is open May through November and provides the community with the freshest products available.

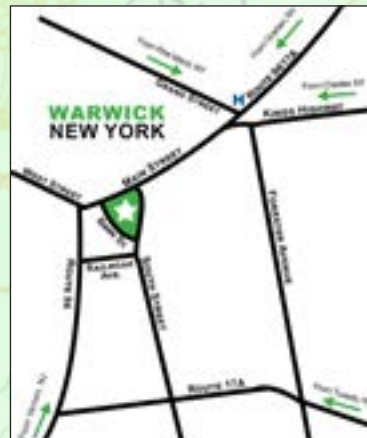

### Our Goals

Our Market offers local consumers in the community a local source of high quality, locally and regionally grown produce and freshly made food products. WVFM provides a place for local area family farms, chefs, and craft food artisan producers to sell their crops, baked goods and other products direct to consumers, helping to maximize critical revenue for local and regional farmers and farm families, artisan producers and local businesses supporting agriculture. We help grow the area's economy, provide a center for local agricultural and culinary information, food preparation and culinary techniques, and build relationships that help sustain our communities.

### Getting Here
